Conceive Program

ReMed has a strong results-based clinical expertise in natural and complementary medicine. We have developed the **Conceive** Program after years of clinical experience and success in helping couples achieve pregnancy.

ReMed is one of few clinics in Australia that has a specialist massage therapist qualified in both fertility and pregnancy massage. We have developed this program to give couples the confidence that natural medicine can work for them and to highlight the effectiveness and credibility of complementary medicine in achieving pregnancy.

The Conceive Program includes:

- Comprehensive assessment of both partners –after all it does take two!
- Safe and natural program
- 88% success rate
- Private Health fund rebates apply
- Specialist fertility practitioners with extensive clinical expertise
- All-inclusive 6 month program for both partners that incorporates:
 - Initial naturopathic consultation for both partners
 - Naturopathic Treatment plan as needed for both partners
 - All supplements and herbal medicines for both partners including a high potency preconception multi-mineral and vitamin
 - Fertility massage or acupuncture for the woman to aid ovulation and conception
 - Hormone testing—woman x 2
 - Hormone testing—male x 1
 - Specialist folate metabolism testing for both partners
 - Oxidative stress testing for both partners: pre and post treatment

Conceive Program FAQ

Q: I am over 38 years of age, am I still able to do the program?

A: Yes, however if either partner falls out of the age limit the money back guarantee won't apply. Cases will be assessed by the Conceive Team and appropriate recommendations are given. The Conceive team will not accept you into the program unless we know it is the right option for your individual situation.

Q: I am doing IVF, am I still able to do the program?

A: Yes, however the money back guarantee won't apply. The Conceive program prepares the body for a healthy pregnancy, so there are many benefits to completing the program alongside IVF. We are not able to offer the money back guarantee in this situation however as IVF limits some of our treatment protocols.

Q: Do both partner have to do the program?

A: Yes, for the money back guarantee to apply both partners must be actively involved on the program. After all it does take two.

Q: What if my partner won't be involved?

A: You are welcome to participate in the program without your partner but the money back guarantee won't apply.

Q: What are the success rates of the program?

A: Based on our previous clinical results over the past 24 months, we have achieved an 88% success rate in achieving pregnancy in couples meeting the entry criteria for the Conceive program.

Q: What are the payment options for the program?

A: The program can be paid upfront or in monthly instalments over 3 months

Q: What is the refund policy for eligible couples?

A: If eligible couples have not been able to conceive after the 6 month program, the full amount will be refunded within 7 days
